# SPECIFICATION SHEET: CPE ECONOMY ISOLATION GOWN

## DESCRIPTION

This is an economical, non-surgical isolation gown made from polyethylene. This product is not FDA 510k approved but is tested according to FDA requirements for ANSI/AAMI PB70 LVL 3. Test report happily shared upon request.

This gown is easy to put on and take off when time is critical. A gap exists at the end of the sleeve seal for fingers/hand.

## INTENDED USE

Typical Gown PPE uses can range from patient transport within hospitals (for nurses and healthcare professionals), to routine use during food, medical, and other professions. Please know that use of this gown alone will not prevent infection.

## PRODUCT INFO
